STATE SECRETARY 1972-1974

Mrs. Leora N. Klotz, Choral Director at Louisville High School, has been elected Ohio ACDA State Secretary succeeding Patricia Schram, Cincinnati. Leora received her B.M. and B.M.E. Degrees from Mount Union College and her Masters Degree from Western Reserve University. She is a member of MENC: OMEA: ASCAP: Choral Conductors Guild of America: ACDA: AGO: and Mu Phi Epsilon honorary music sorciety.

Leora has served ACDA of Ohio as committee member of the first composition contest, Summer Workshop Registration Chairman, and East Central Regional Chairman. Presently she is Adult Choir Director at Perry Christian Church; Member of the High Holidays Octet at Temple Israel; and assistant soprano soloist at the First Church of Christian Scientist.

THANK YOU!

Since this is the last edition of the NEWS for the current year we would like to take this opportunity to recognize one of the most valuable individuals in this organization. This young lady has served ACDA of Ohio as State Secretary for the past two years and certainly is to be commended for her performance relative to this position. However, she has also served as accompanist (with amazing sight-reading ability) at the previous Ohio ACDA Summer Workshops; furthermore, she has been accompanist for the two previous North Central ACDA Sessions and was accompanist at the first national convention in Kansas City last summer.

With her tremendous sense of humor and sincere modesty Patricia Schramm is one individual you should know. Make it a point to see her at the convention. Our most profound thank you and appreciation Pat!

Our congratulations go to Ernie Hisey, Avon Lake, and his choral group which performed so well at the North Central ACDA Convention in Indianapolis this past February. We have heard many fine comments concerning the program.

You may recall that Ernie was appointed State Chairman after the sudden death of Hamer Mitchell a few years ago. He sustained the then small membership of ACDA of Ohio and almost single-handedly kept it going. Thanks Ernie!
